OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 21 February 1967

25X1 1. [redacted] Miss Esther Dukov in the office of Congressman Gerald Ford (R., Mich.) called to inform me that 25X1 it is the Agency to whom [redacted] wishes to talk. She said he would be unable to be in touch today but she would make an appointment with [redacted] for Friday or Monday. We agreed that it 25X1 was best that [redacted] start with [redacted] and then be put in touch 25X1 with someone else if it appears indicated.

2. [redacted]

25X1 [redacted]

25X1 3. [redacted] Talked to Congressman Hervey Machen (D., Md.) concerning his constituent case of [redacted] 25X1 [redacted] who had been employed by the Agency and asked to resign after taking his polygraph. I explained that this case was 25X1 not based on the polygraph but on statements made by [redacted] himself independently and disqualified him for employment with the Agency. 25X1 I noted that we had offered assistance to [redacted] through our placement service. Machen understands the circumstances very 25X1 well and said he would handle this orally with [redacted] mother, who was the instigator of the original inquiry.
